Small Group Discussion

1. What are the positive aspects of being an *Ivri*?
2. What are the negative aspects?
3. Look at commentaries by Hirsch, Artscroll, Sacks. How do they describe the *ivri*? How are they alike/different? What resonates with you? What does not?
4. Can you be an *ivri* in character and live peacefully among your neighbors as Hirsch suggests? Is being an *ivri* "energizing" as Sacks suggests?
5. How important is being an *Ivri* for you as a Jew? An artist?

1. An *Ivri* as in a descendant tracing your lineage back many generations?
2. An *Ivri* in geographic terms moving from some other place?
3. An *Ivri* in philosophical/theological/spiritual terms holding different opinions than others?
